Greetings of Service, Leadership, and Volunteerism!

In accordance with the timeframe established following the organizational meeting, the period allotted for submitting suggestions, proposed revisions, corrections, and comments concerning the CBL has officially closed. This Formal Advisory Letter is hereby issued to officially inform all Executive Board Officers, Committee Directors, Assistants, and members of the **finalization, adoption, and approval of the Constitution and By-Laws (CBL) of the KISLAP Youth Volunteers Organization**. All members and officers are therefore advised that the review and consultation period has concluded and that the final version of the Constitution and By-Laws shall serve as the organization's governing document, subject to the applicable adoption and approval procedures of KISLAP.

The finalized CBL establishes the fundamental principles, organizational structure, membership policies, duties and responsibilities of officers, leadership arrangements, and general provisions that shall guide the operation and development of KISLAP. It reflects the organization's commitment to youth volunteerism, responsible leadership, community service, inclusivity, environmental responsibility, and the implementation of meaningful community projects and programs aligned with the **United Nations Sustainable Development Goals (SDG's)**. All officers, directors, assistants, and members are expected to familiarize themselves with the provisions of the final CBL and uphold its principles in performing their respective duties and participating in organizational activities.

In connection with the formal documentation and acknowledgment of the finalized CBL, all officers who have **not yet signed the document in person** are hereby requested to provide their **electronic signature (e-signature)** in the designated signature section of the official document. This request is intended to complete the necessary documentation and record the acknowledgment of the concerned officers regarding the finalized Constitution and By-Laws. Please ensure that your electronic signature is authentic, clearly identifiable, and submitted through the designated channel within the prescribed period. Officers who have already signed the document in person are not required to sign again unless specifically requested for documentation or verification purposes.

All concerned are further reminded that the Constitution and By-Laws must be treated as an official organizational reference. Any future amendments, revisions, or additions shall be undertaken in accordance with the amendment procedures and approval requirements provided in the CBL. No

individual officer or member shall independently alter the adopted document without following the prescribed process.

Your cooperation, participation, and commitment throughout the development of this governing document are sincerely appreciated. Respectfully yours,
